V(F). State Defined Outputs

Output Target

Output #1

Output Measure

Train the Trainer Educational Workshops > 2 hours a week by teacher volunteers; FFNews; Creative Curriculum; Color Me Healthy; Tickle Your Appetite; 5 A Day, & DCPS Nutrition Curriculums; and Development of Food Safety and Dietary Quality Lessons

Year	Target	Actual
2008	4000	12065

Output #2

Output Measure

All targets met or exceeded plan.

Year	Target	Actual
2008	{No Data Entered}	179345

Output #3

Output Measure

Change in Knowledge Outcome Measure

Not reporting on this Output in this Annual Report

V(G). State Defined Outcomes

O No.	Outcome Name
1	Number of participants who are able to make appropriate food choices from the Food Guide Pyramid and Dietary Guidelines for Americans.
2	Number of participants with increased knowledge of various fruits and vegetables.
3	Number of participants (parents) who make better food choices (fruits and vegetables).
4	Change in Condition Outcome Measures

V(H). Planned Program (External Factors)

External factors which affected outcomes

- Economy
- Appropriations changes
- Competing Public priorities
- Competing Programmatic Challenges
- Populations changes (immigration,new cultural groupings,etc.)
- Other (Crime within the neighborhoods)

Brief Explanation

Crime within certain neighborhoods. Two staff members were assaulted while walking to a program site during daylight hours. The outcomes were met by scheduling University transportation to transport staff to program sites.Plans are being made to purchase transportation for the program in order to continue to meet program goals in the future.

V(I). Planned Program (Evaluation Studies and Data Collection)

1. Evaluation Studies Planned

- After Only (post program)
- During (during program)

Evaluation Results

Pre- and Post-test measures of knowledge were administered to extension-trained teachers.Evaluations are underway.It is expected that there will be a significant increase in knowledge of nutrition and food safety, particularly among the new set of teachers.

Key Items of Evaluation

Teachers reported on a monthly basis, the number of hours spent teaching from the curriculum as well as the number of children who received classroom education. Specific lessons taught were reported, usually three lessons per week during the school year. Data has been analyzed and posted for each project, teacher, ward of the city, targeted audience, total unduplicated participants, hours, key messages taught, key measures, and status toward completion.
