**V(H). Planned Program (External Factors)**

**External factors which affected outcomes**

Government Regulations

**Brief Explanation**

Due to the prevalence of needs that were expressed to us by our Department of Health and Human Services, the focus of this program only targeted adults. The youth component will be added within the upcoming year. We will continue working with this state based agency to develop more strategic priorities. The agency is also considering providing additional funds in order for us to implement the holistic model to clientele of any age.

**V(I). Planned Program (Evaluation Studies and Data Collection)**

**1. Evaluation Studies Planned**

Before-After (before and after program)

During (during program)

Comparisons between different groups of individuals or program participants experiencing different levels of program intensity.

**Evaluation Results**

Thus far, only pre and post survey results have been collected. Again, the program feedback provided by the participants was very positive. Most of them even indicated that they would recommend the program to others or serve as a network for referrals.

**Key Items of Evaluation**
